

SATURDAY, November 19, is 'THRIFT DAY' in Empress THE EMPRESS EXPRESS

VOLUME IX. No. 25

EMPRESS, ALTA., THURSDAY, Nov. 17th 1921

Price: \$2.00 Per Year

UNION CHURCH

Sunday School, 11 a.m.
7.30 p.m. evening service.
Topic: "Christian Colleges."
Rev. V. M. Gilbert, pastor.
Cordial invitation to all.
Strangers welcome.
Viewfield, 3 p.m.

Mrs. J. Fenton, Pioneer Resident
of Cavendish, Passes Away

Mrs. J. Fenton passed away
in Medicine Hat hospital, on
Monday, November 7. The
body was brought to Cav-
endish on Tuesday night. Bur-
ial took place on Friday after-
noon and a large number of
friends and neighbors turned
out to pay their last respects
to the remains of one of
our first settlers. The deceased
was a resident of the district
for the past ten years.

The services were held in
the hall, by the Rev. L. J. Tat-
ham. Many beautiful flowers
were placed on the casket by
sorrowing friends. After the
services the long procession
followed the remains to the
cemetery, where they were laid
to rest beside those of her son.
Much sympathy is expressed for
the members of the bereaved
family.

J. Barnes, of Sharrow, was in
town on Tuesday, gathering in-
formation concerning the farm
lands in this district in order
that a more equitable assess-
ment might be made.

Dr. Gershaw Opens Political Campaign Here for Liberal Party

Dr. F. W. Gershaw, liberal
nominee, for this constituency,
opened his political campaign,
on Wednesday night. His
address was clean and free from
political abuse throughout.
He gave a brief talk on the pre-
sent government from its in-
ception up to the present day.
The main issue of his speech
however, dealt with the ques-
tion of revenue. The custom-
ary raising of the tariff for pro-
tection were of entirely
different natures. The former
was the policy of his party, the
latter the policy of the Conserva-
tive party. The protective
tariff assisted in the building
of combines and mergers,
and the other allowed for revision
and lowering of the tariff on
foodstuffs and machinery for
development of natural re-
sources. The speaker did not
agree with direct taxation as
proposed by the Progressives.
He touched briefly on the Re-
turned Soldier question and
other subjects. He was sincere
in his belief that the liberal
policy was the best one for the
country to adopt and asked for
the confidence of the electors.
The speaker had been preceded
by Mr. L. Laidlaw, of Medicine
Hat, who gave a short address
to the audience. A very inter-
esting and orderly meeting
was brought to a close by the
singing of the national an-
them.

'Thrifty Days' Are Here

SATURDAY, November 19, and every Saturday thereafter
will be known as 'Thrifty Day' in Empress. Don't fail to
take advantage of this opportunity to save your money.
Bring the wife and kiddies in for the show and enjoy the
pleasures of shopping at money-saving prices. See advs.

Local Curlers Prepare for Season's Sport

The local Curling Club, held
its first meeting in preparation
for the coming season, on Tues-
day evening. A re-arrange-
ment of officers took place and
H. H. Hall, was elected presi-
dent; A. Keith, 1st vice-presi-
dent; A. Hay, 2nd vice-presi-
dent; V. M. Gilbert, chaplain.

A fee for the season, of \$12.50
was set, and a motion was pas-
sed that no person should be
allowed to play until dues had
been paid.

Messrs. M. G. Boyd and G. G.
Peters seek the removal of
the rink to a new location, ow-
ing to the bearing it has on
their insurance as a fire hazard.
They were asked to put their
proposition in writing and the
Executive committee were em-
powered to deal with the mat-
ter as they see fit.

Messrs. McLean, Clark and
Keith were appointed as new
committee and are to combine
with the executive and appoint
a caretaker.

Communication

"The Blindless W.I. wish to in-
form the public that by some in-
tellectual or mechanical error
on the part of last week's cor-
respondent the success of Fri-
day evening's entertainment
was all credited to Mrs. Jessie
G. Falconer.

The success of the evening's
entertainment was due to the
hearty co-operation and pre-
vious planning of fifty old
ladies who have the interests of
the Institute at heart."
Mrs. Jessie G. Falconer,
Vice-President and Treas.

Born—To Mr. and Mrs. J. A.
Robertson, November 10, a
daughter.

Local U.F.A. Receives Answer to Resolutions

The following answer has
been received to resolutions
passed by local U.F.A. at their
recent meeting:

"Dear sir:
I am in receipt of your three
Resolutions, dated Nov. 5th.
With regard to the one peti-
tioning the Government for its
portion of relief work, I am
handing this on to the Minister
of Public Works, under whose
Department this comes.

All arrangements for the
sale of lands for taxes have
been made for the year 1921.
I am very sorry that nothing
can be done in this respect for
this year, as the laws under
which we are operating will re-
quire to be amended before any-
thing can be done. This is prin-
cipally governed by the activi-
ties of the Equalization Board,
and unfortunately no provision
was made for appealing from the
decisions of that Board. At
the approaching Session of the
Legislature, it is our intention
to have the law amended, so
that appeals can be heard next
year.

I am answering this letter in
great haste, as I am leaving the
City tonight, and if there is
anything which I have over-
looked, and upon which you
would further information, please
write me further with regard
to it.

Yours truly,
R. C. REID,
Minister of Mun. Affairs
Alex. Hay, Esq.,
President U.F.A. Local,
Empress, Alta.
The resolutions referred to
concern—Relief Work; Adjust-
ment of Assessment and Relate
of Taxes; the Advertising of
Lands for Sale for Taxes in this
district in local paper.

Anglican Church

Service in St. Mary's Church,
on November 20, Sunday next,
before Advent.
11 a.m. Holy Communion.
7.30 p.m. Evening Prayer.
L. J. Tatham,
Priest-in-charge.

Births

To Mr. and Mrs. D. J. Compton,
November 11, a daughter.
To Mr. and Mrs. John Payson
of Castle Coombe, November 11,
a son.
To Mr. and Mrs. B. F. Shaw,
of Vandyne, November 15, a
daughter.

Where Railway Revenue Comes From

Certain statements made before the board of arbitration at Ottawa on the wage disputes between the Canadian National Railways and their employees would appear to have a direct bearing on Canada's outstanding financial problem, namely: how to pay an end to the appalling deficits in the operation of the national railway system.

Ever since the deficit on the Canadian National Railways was shown some time ago to amount to a million dollars and more a week, statesmen, financiers, railway managers, and, last but not least, Canadian taxpayers, have been deeply concerned in striving to find some way of relief from such disastrous losses. While politicians have been striving to load the responsibility for creating conditions leading to these deficits upon political opponents and while pessimists have talked blue ruin and inevitable bankruptcy, men with constructive minds and not at all concerned with pettiness which is always to be found in politics, have seriously advanced suggestions with an eye single to the good of the railways and the welfare of the Dominion.

Probably the suggestion which has attracted greatest attention and carried most weight with thoughtful people is that only through an increase in population, with consequent increased traffic, and therefore in railway traffic, can the true and lasting remedy be found. Economies effected in operation costs at the expense of inferior service must serve to temporarily relieve the deficit, but such reduction would only be of a temporary character and in the long run would prove to have been pennywise and pound foolish. More traffic, and therefore greater earning power, offers the only permanent solution.

The question then presents itself: How to bring about that increase in traffic? In this column we have urged the adoption of a vigorous and well directed immigration policy with a view to bringing about the settlement without further delay of numerous areas of the West, and the preservation of such a policy without intermission until the desired result has been achieved.

In this connection it is to be noted that the statements made before the board of arbitration at Ottawa are regarded to be highly significant. They have a direct bearing on this question, and certainly go to support the arguments already advanced. Addressing the board of arbitration, P. P. Jind, of the Canadian National Railways, declared that the railways would be better off without passenger traffic, and that sleeping cars and observation cars were invariably a source of loss, while A. C. Egan, for the Canadian National, made the statement that all the railway's profits are made during the last five months of the year when the grain is shipped.

Of course, passenger traffic must be cared for whether it is a paying proposition or not, but if observation cars, which are a luxury and not a necessity, invariably lose money, then they should be reduced to a minimum or discarded altogether. Furthermore, inasmuch as it is only the well-to-do who make use of sleeping cars, rates should be advanced to a figure where such cars would not be operated at a loss, even though they do not produce a profit. Or the rate should be reduced to a figure that would make it possible for the less well-to-do to use them, thus obtaining these cars running across the continent only partly filled. Volume at a less rate would be more profitable than partly empty cars. The average Canadian taxpayer should not be called upon to provide comfort for others which he cannot himself afford to enjoy.

The amount of money it requires to build a sleeping car or an observation car will build several freight cars, and, according to these railway officials, it is freight that produces profits. Again, be it noted, freight profits are piled up when there is a heavy and continuous freight movement, as is the case when the grain is moving. It is the shortage of the products of the factories that keeps the railways busy during the last five months of the year, but the products of the farms. But if, through immigration and the creation of conditions which will keep the people on the land, the number of cultivated farms in Canada are doubled, or tripled, as is quite possible, not only would the volume of grain traffic be enormously increased during the last five months of the year, but there would be a constant demand for additional millions of pounds on the farms would create an enormous demand for manufactured goods, fuel, lumber and merchandise of all kinds, which would provide a much heavier freight traffic throughout the other seven months of the year.

What our Canadian railways need more than anything else is more traffic to keep profitably loaded trains rolling over the tens of thousands of miles of rails in this country. Traffic is the life of the railways, and there must be more people in Canada—people who in the first place produce something from the almost limitless natural resources of this Dominion, and who, in turn, would require to be supplied with those things, manufactured and otherwise, which they do not themselves produce but must have to sustain life and enable them to carry on their work of production.

A national policy to encourage production is the only way to save the National Railways and make them earners of profit instead of producers of deficits.

An Ancient Bow.

The young girl had refused the millionaire, who was thirty-five years old. He was very angry.

"Even Cupid," he said, "could do nothing with you. You're like an arrow. Why a hundred Cupids might shoot at you all day long, not an arrow would make any impression on your stone-cold heart."

"Not if they used an old bow," retorted the girl.

French Debt Grows.

France's national debt will amount to 320,000,000,000 francs by the end of this year, M. Lacroix, chairman of the Senate finance committee, told that body at its opening session. "At present," he said, "the interest amounts to 14,000,000,000 francs, and soon it will approach sixteen billion."

The various types of Mayfly only live a short time, from a few hours to a day or so at the most.

Romance Of The Quest

Thirst for Adventure is at Bottom of Expedition.

Geography, geology, zoology, the study of weather conditions—these are some of the branches of science for which the quest is seeking new materials, and in the bottom of all is the unquenchable thirst for adventure and for triumph over difficulty which has given our race so glorious a share in the penetration of the earth's secrets. Like each successive expedition to the polar zones, this represents in its equipment all the experience of past voyages, and all the recent development of technical science that can be turned to the account of the explorers.—London Daily Telegraph.

Sure Protection For You While You Travel

You may find the water bad, some poorly cooked food may excite trouble, a draught from a car window may give you an ache or pain—a cold, tooth or lamp ailment may be caused by germs in the air. Remember this—your pain is caused by germs. You can protect yourself by using a bottle of Nervine in hand-aways.

"Now look here, Johnson, this man is doing double the work of you. 'That's what I've been telling him, sir; but he won't stop.'"

Rob in is for Lame Back—A brickbat thrown by Dr. Thomas' Electric Oil will relieve lame back. The skin is immediately absorbed by the oil and it will penetrate the tissues and bring relief. Try it and be sure. As the internal sink in the pain comes out and there are ample grounds for saying that it is an excellent article.

Haddock's will say as many as 15,000,000 eggs each in one season.

Minard's Liniment for Gargle in Croup.

The origin of Free Masonry, or even its name, cannot be traced with certainty.

A DESIRE TO EAT WHAT YOU WANT

Stomachs Can Be Restored to a Healthy Condition. Not to be limited in diet, but to eat what is pleasant in the diet, is the desire of every digestive. No one can honestly promise to restore any stomach to this happy condition, because all people cannot eat the same things with equal satisfaction. Results. But it is possible to so tone up the digestive system that you may pick and choose from articles of food that cause no discomfort.

When the stomach lacks tone there is no quicker way to restore it than to build the blood. Good nutrition, without rich, red blood is impossible, and Dr. Williams' Pink Pills offer the best way to enrich the blood. For this reason these pills are especially helpful in stomach trouble attended by thin blood, and in attacks of nervous depression. Proof of value of Dr. Williams' Pink Pills in cases of indigestion is given by John A. McDonald, Toronto, Ont., who says: "Every sufferer from indigestion should feel sympathetic, as I was once myself a bond slave to it. Eating at all became a trial, and at one time I became a mere skeleton of my former self. I took all sorts of recommended medicines, doctors and advertised, but to no avail. Then a friend said to try Dr. Williams' Pink Pills. I got a box and I thought before they were done I could feel a change. Then I got six boxes more, and by the time they were used I was eating my meals with regularity and enjoyment. My general health is now good, and it is no wonder that I am an enthusiastic advocate of Dr. Williams' Pink Pills."

You can procure Dr. Williams' Pink Pills through any dealer in medicine or they will be sent you by mail at 50 cents a box or six boxes \$2.50 by writing direct to Dr. Williams Medicine Co., Brockville, Ont.

Economical. Hubby—if that medicine makes you feel worse, why do you take it? Why—I'm not going to pay \$2 for medicine and then waste it.

The date is as essential an article of diet to the Egyptian as rice is to the Hindu.

It Will Prevent Ulcerated Throat. At the first symptoms of sore throat, which prevents utterance and inflammation, take a spoonful of Dr. Thomas' Electric Oil. As a liniment it will make it palatable. It will allay the irritation and prevent the ulceration and swelling that are so painful. Those who were periodically subject to ulcers have found this medicine invaluable to attack.

Dress, tables, chairs and stools are shown in Egyptian carvings as far back as 4,000 B.C.

Minard's Liniment, used by Veterinaries.

Millions For Roads In West

At least \$20,000,000 will be spent on highways and market roads in Western Canada during the next five years, according to the provincial programme which has now been submitted and approved by the Federal authorities. Manitoba programme provides for the construction of 1,600 miles of roads at an estimated cost of \$6,000,000. The Dominion Government Act providing for subsidies will cost \$3,250,000, of which \$1,600,000 will be repaid by the Federal Government. The estimated cost of the roads is \$2,450,000. Saskatchewan has outlined construction covering 2,500 miles which is expected to cost \$3,250,000, of which \$1,600,000 will be repaid by the Federal Government. Alberta intends to go ahead with 2,475 miles of roadway, the estimated cost of which is \$2,450,000. Of this sum \$1,477,513 will be paid by the Federal Government. This programme is for rural roads and does not include the sums which will be spent as civic enterprise. The highway system of the three prairie provinces will be thus linked up.

Nearly all children are subject to worms, and many are born with them. Spare them suffering by using Mother's Friend. Worm Extirminator, as it is called remedy.

Centenarian Still Works

More than a century old and still working. This is the record of Charles Quick, who celebrated his 101st birthday recently. Early the oldest man in Vancouver, if not in all Canada, he is said to be the oldest working man at all parts of the civilized world. From his little shop at 1549 Pender Street he sends out horse-racing saddles to all parts of the civilized world.

Different Methods.

Edie—My mamma got a nice present yesterday an' she 'ter her arms around papa's neck. What does your mamma do when she gets a nice present?

Edie—She tells daddy she'll give him, but he hasn't stay out late again.—Boston Transcript.

Chemistry Class.

Teacher—"Now can any one of you name a mark that will not freeze?" Little Jimmie raises his hand after a long silence.

Teacher—"That's right, Jimmie, what is it?"

Jimmie—"Boiling water."

Minard's Liniment for Colds, etc.

Blue Eyes And Genius

All U. S. Presidents But One Have Had Blue Eyes. It is a curious fact that many of the world's greatest men have had blue eyes. Among them being: Socrates, Shakespeare, John Locke (the great metaphysician), Lord Bacon, John Milton, Goethe, Jean-Jacques Rousseau, Napoleon the Great, the great French historian, Renan, Bismarck, Mr. Gladstone, Professor Huxley, Professor Virchow and others. It is stated that, singularly enough, all the Presidents of the United States, except General Harrison, have had blue eyes.

A man aged 41 may count on living until 67, according to statistics.

Trout From Far North

First Shipment Made From Plant at Black Bay. A new load of lake trout has reached the town of McMurray from the Mackenzie Basin Fisheries plant at Black Bay on Lake Athabasca, and further shipments, it is expected, will be made before the close of navigation on the big river. This is the first shipment of northern lake trout has reached McMurray for shipment to the markets of Canada and the United States, and demonstrates one of the unbounded resources of the untrapped regions which lie beyond the Athabasca.

Why suffer from corns when they can be painlessly rooted out by using Holloway's Corn Remover.

The greyhound hunts entirely by sight. Its paw prints and small nostrils assist its sense of smell. Minard's Liniment Co. Limited. Sir—I have used your Minard's Liniment for the past 25 years and whilst I have occasionally used other liniments I can safely say that I have never used any to equal yours. If rubbed between the hands and shoulders frequently it will never fail to relieve cold in the least in 24 hours. It is also the best for bruises, sprains, etc.

Yours truly, J. G. Leslie.

Provisional.

He was more religious than educated and so not to be greatly concerned in this "testimony" at prayer meeting: "I thank the Lord that I have three wives in heaven."

EMPRESS DRUG COMPANY

THE EMPRESS EXPRESS
 Published in the interests
 of Empress and District.

Thursday, Nov. 17, 1921

Soldiers and Sailors on active service may make wills without the ordinary formalities, that is they need not be witnessed, and in some cases it has even been held that the will need not be signed by the man if it can be proved that the written will had been declared by the maker to be intended as his will.

During the war the Canadian

Government endeavored to prevent the necessity for an "active service" will by requiring every one who enlisted to make a will and many interesting questions have already arisen since the war terminated about the position of so many men changed since their enlistment by the loss of relatives or by their marriages.

The making of wills is practically a necessity for everyone who has property to leave, and where the local statutes vary as

do those of the different provinces of the Dominion regarding the rights of individuals in property, it is incumbent upon everyone to safeguard the interests of themselves and their relatives by proper measures at the proper time.

Dairy Lectures Are Big Success

With anticipation and expectation Mr. Stampe's arrival was looked forward to by most of the farmers in the various districts. This forethought no doubt has been well repaid by the successful lectures held so far in several of the districts adjacent to Empress.

The main issue of the farmers in these districts appears to be "Feed." Mr. Stampe is dealing with this question very extensively, at every meeting he has pointed out the benefits of growing fodder corn and how this feed will meet the requirements of the dairy stock in addition to this particular type of feed, all those farmers who have planted fall rye this summer and fall have been highly congratulated by Mr. Stampe for introducing a safe and sound method of good pastures to any live stock on the farm. Several farmers in the districts have experimented with corn, and although the collection of seed used does not exactly show to what extent it might be grown, it has nevertheless been demonstrated that this particular fodder plant will exceed in growth and tonnage any other plant so far experimented with around these parts.

Owing to the fact that corn can be grown successfully as a forage, Mr. Stampe deemed it advisable to introduce the "Pit Silo" which in construction will represent a comparatively small outlay in cash, although it embodies a great deal of manual labor. Specific outlines concerning this type of silo (have already appeared in this paper) and are given to anyone interested; several farmers have already availed themselves of the opportunity and requested Mr. Stampe to visit their respective farms and locate suitable points where such a silo might be erected advantageously.

While the question of constructing silos of various types entails considerable time, Mr. Stampe utilized all his spare time to introduce the incomparable value of ensilage as a most productive and highly recommendable feed. Invariably he

uses the illustration of comparing this feed with "Dried Fruit and Preserved Fruit." Making it very clear in everyone's mind that "Silage" equals the preserved fruits and "Dry Fodder" represents the dried fruit. There is no argument in favor of feeding hay, straws and other dry feeds when ensilage can be secured in preference to the other.

Effective stress is being laid on this question has never received the consideration and attention which it would have if introduced and suggested prior to Mr. Stampe's lectures.

A great deal can be learned from Mr. Stampe's address with reference to the proper feeding and caring for dairy calves. A large percentage of diseases such as abortion, white scours etc., have most generally been caused by overfeeding of milk and underfeeding of certain grains after the calf has reached an appreciative age.

While there are a great number of essential questions and points which cannot be dealt with in this issue, it should be remembered by every farmer that should a meeting be held in his vicinity he should avail himself of the opportunity and pass the news along.

Remember, a meeting will be held in Empress on Saturday afternoon, in the Grand Theatre, at 2:30 p.m. Have your questions ready.

One of Them

O'er barren fields I'm gleaming
 when I
 With my old grey horse who
 would rather eat
 To save a dollar if I can,
 I eat myself a hired man.
 A hired man of the Money King!
 Who gets my grain for any old
 thing.
 He gets my beef at his own
 price,
 Its simply shaking a box of dice.
 O'er barren fields I'm gleaming
 when I
 With tired hands and aching
 feet,
 I've borrowed money in hopes
 of gain
 And now I wonder if I am sane,
 I wonder if I will ever be
 As rich as Andrew Carnegie?
 Andrew Carnegie: the Library
 Man!
 And I not worth a tomato can!
 O'er barren fields I'm gleaming
 when I
 Under wailing winds, with awful
 heat
 This consoling "hot" comes to
 my mind,

Tho' with interest I am behind
 And in my pocket not a sou.
 To pay my debts when they
 come due.
 No! I'll not let this worry me.
 For in my misery, I have com-
 pany.

— "One of them."

A STERN CHASE

is often avoided and also loss of time when you enlist the services of a Want Ad. If you have an article to Sell, Buy or Trade, something you have Lost or Found.

FOR SALE

Outfit of Young Oxen, and harness complete. Snap for cash. Apply, "Express" office.

FOR SALE

Ford Car, or will trade for horses or cattle. I would like to buy a few good chickens—M. L. Higgins, Empress.

"Saturday is 'Thrift Day'." E. L. Kenny has been confined to the house this week with sickness.

Baby Muza has been in the hospital for a few days, owing to a wound in throat.

Born—To Mr. and Mrs. G. H. England, Bindloss, November 15, a daughter.

F. Stampe, cream production expert with the Saskatchewan Creamery Co., will address a meeting of farmers, at the Grand Theatre, at 2.30 on Saturday afternoon.

J. Boswell, returned this week from Regina, Sask.

Wendell McRae returned on Saturday, from a prolonged visit in the east.

A dance is to be held after the play, "Safety First," on December 6. Tell your friends.

If you want to buy real milk for less than 13c. per quart during the winter, see R. J. Lacey about it. — Riverview Dairy, "Where Purity is Paramount."

It will pay you to study the prices in this week's advt. Patronise the stores that solicit your custom by offering generous prices.

Miss Martha Trail returned on Saturday last, from Loreburn, Sask., where she has been visiting her sister, Della, and other relatives for the past two weeks.

Will the party who took money from E. H. Fountain's house, on November 10, return same to P.O. box 53, as they know.

The Family Herald and Weekly Star with a beautiful colored plate of the Canadian Coat of Arms, and The Empress Express—a yearly subscription to both papers for \$3. Netting you a saving of 1.00. Get on this economy offer.

"Safety First," is the title of the play to be given on December 6. Don't forget the date. Everybody come.

Owing to lack of space we have been forced to withhold publication of the financial statement of the village.

E. H. Fountain had the misfortune to injure his head with a pitch fork, recently.

The latter end of the week saw many return from the harvest fields. Among the number were: Messrs. Al. and Reg. Sturgeon, A. Keith, S. Trail and sons Andy and Arch.

The ladies of the Empress W. I. will hold a "500" Drive and dance in the Grand Theatre on Tuesday next. Drive commences at 8 p.m. sharp. A light lunch will be served. This is your invitation to attend. Admission, 50c. Proceeds will be devoted to the aid of the benefit of the local hospital.

The Ladies of the Congregation will hold a Bazaar, on Saturday, November 19, in the Princess Confectionery. All kinds of fancy and useful articles will be on sale and tea will be served after 3 p.m., also Baked Beans at 6 o'clock. Come and buy your Christmas gifts.

ATLEE

Nov. 9

Mr. and Mrs. W. B. Watkins departed for New York City this morning, where Mr. Watkins has obtained a position with a Gramophone Company. He says that's better than farming.

Ed. O'Brien is wearing the smile that won't come off. When asked what happened, Ed. said, "A new baby girl arrived at our house November 7,

H. Stewart and daughter George, were week end visitors in Calgary.

Jack Emmett, local foreman, has been handling the extra gang at Sharrow and Buffalo the past week lining up the track preparatory for winter.

Mark Barn has returned from Viking, Alta., where he had been for the past two months. Mark says "It is a fine country up there and good crops look good to him."

At the recent public sale at S. J. S. Read's place good cows sold as low as \$28.00 per head and spring calves about \$60.00

Mr. and Mrs. J. W. Jorgenson, who left here about a month ago, motoring to Vancouver have arrived there after being detained at Calgary, where Mr. Jorgenson was operated on for appendicitis. They say it is raining in Vancouver and they can hardly understand it after living here so long.

NOTICE OF JUDICIAL SALE OF FARM PROPERTY

PURSUANT to Order Not made in THE SUPREME COURT of CANADA versus John Edwin James, et al, the following lands will be sold by Public Auction at 12.00 o'clock noon, Saturday, 24th December, 1921, at Post Office, Empress, N.W. 14, 5, 22, 10 West 4th. N.W. 14, 9, 22, 10 West 4th. N.W. 14, 9, 22, 10 West 4th.

Above lands are all open and have about 75 acres cultivated, being chocolate house. There are also 20 acres fenced with 2 wires. It is situated about five miles from a railway station and about three miles from school and two miles from post office. The land will be sold all together, or in two parcels, namely: N.W. 14, 5, as one parcel, and also N.W. 14, 9, as another. The purchaser will pay ten per cent. cash, fifteen per cent. in sixty days, without interest, and the balance in three equal instalments in one, two and three years, with interest at eight per cent. In all other respects the conditions approved by a Judge or Master in Chambers will apply.

FULL PARTICULARS may be obtained from J. S. CAMPBELL, Barrister, Empress, or from J. N. OLDHAM, Barrister, Hanna.

DATED at the City of Hanna, in the Province of Alberta this 2nd day of November, A. D. 1921.

(Sgd) H. J. ADAMS, Clerk of the Court.

(Sgd) J. W. STEWART, Clerk of the Court.

TAX SALE

Sale of lands in the Municipal District of Acadia No. 241, for Arrears of Taxes

NOTICE IS HEREBY GIVEN that certain lands in the Municipal District of Acadia No. 241, will be offered for sale for arrears of taxes and costs on Saturday the 24th day of November 1921, at one o'clock in the afternoon in the Acadia Valley Hall at Acadia Valley, Alta., unless the arrears of taxes and costs be sooner paid, and that a complete list of such lands may be found in the issue of Thursday the 28th of Sept., 1921, of the "Empress Express" of Empress, Alta., or a printed list may be obtained on application to me.

Dated at Acadia Valley, Alta. this 19th day of September, 1921.

Nov. 25 D. M. GRAHAM, Secretary-Treasurer.

Nov. 12

A red cross Bazaar and dance was held in the U. F. A. hall last night. A large number of people were in attendance and about \$95.00 was realized. Everyone enjoyed themselves. During the evening some

light fingered person or persons was busy taking silverware from one home and taking wearing apparel and wraps from the Considerable "moonshine" was in evidence and several opened their mouths and let too much of this run down their throats.

Saving \$1,000

Through trifling economies, you can accumulate one thousand dollars in a few years.

By persistently and regularly depositing \$2.00 a week with us—with interest at 3%, compounded semi-annually—you will have \$1,211.43 to your credit in ten years.
